To change the uniform of at least internship students of phar m d to identify them from the other year students	Will be done from next academic year
Should have a public canteen. Should conduct proper cultural programs.	Canteen is planned to be expanded soon.
Bus can be provided from Aakaparambu to college ... it's difficult for students ...	Will be considered if sufficient no. of students needs to fill a bus.
Provide more job-based ideas & skills to students. Because most of the students are confused about what kind of opportunities are waiting for them	Pls attend seminars & conferences.
No competitive programs like arts and sports, so the students having inborn talents are unable to perform any were in this college	Already Arts & Sports Day conducted
My opinion about Al Shifa College is satisfactory. Most of the teachers are dedicated to doing their work but some teachers are not explaining about all the necessary things well. College facility is excellent, studying environment is nice. I suggest that college need to make notifications regarding exams earlier so we can prepare well.	Suggestion well taken. Will do the needful.
It was a great experience to become part of my college	We also learn from you through interaction.
