2.6.2 Attainment of programme outcomes and course outcomes are evaluated by the institution.

The Institution regularly assesses students' learning outcomes through different methods to measure the achievement of each program outcome, program-specific outcome and course results. The process of teaching learning and evaluation is planned ahead before the beginning of the academic year. A staff meeting is held first, where the different strategies to be followed are discussed and planned. Each department the presents the plan for the year in the high-power meeting. Throughout the year, the department records each student's performance on each program result. At the same time, provide tutoring training for slow learners to help them adapt to the desired process

1. The Program Outcomes (POs) and Program Specific Outcomes (PSOs) are accomplished through curriculum.
2. Course Outcomes (COs) are defined for each course and they are mapped to POs and PSOs.
3. A set of performance evaluation criteria is used for quantitative assessment of COs.
4. Every COs POs mapped by the following levels.

PO – Course mapping.

CO – PO mapping.

Assessments – CO mapping.

Syllabus – CO mapping.

Questions – CO mapping

STRATEGIES FOR ATTAINMENT OF PROGRAMME OUTCOME AND COURSE OUTCOME

The Institution regularly assesses students' learning outcomes through different methods to measure the achievement of each program outcome, program-specific outcome and course results. The process of teaching learning and evaluation is planned ahead before the beginning of the academic year. A staff meeting is held first, where the different strategies to be followed are discussed and planned. Each department presents the plan for the year in the high-power meeting. Throughout the year, the department records each student's performance on each program result. At the same time, provide tutoring training for slow learners to help them adapt to the desired process.

The results of the course will be evaluated throughout the year in the following manner:

- 1. Year-end and final exams** A direct evaluation process whereby end semester and year-end exams are conducted by the university.
- 2. Internal and External Assessment:** External evaluation is carried by outside experts for university-ordered practical examinations Via Viva Voce and practical files.
- 3. Exams and tests at educational institutions:** Unit tests, surprise tests and periodical tests are carried out to analyze the performance of the students and the attainment of goals.
- 4. Feedback Rating:** Institutions collect feedback from students, graduates and employers and parents, in order to measure performance and the attainment of goals.
- 5. Training:** Students are encouraged to do training, projects, field surveys and more, to help them acquire the necessary skills and hands-on experience in the chosen field.
- 6. Placement:** This is one of the major program outcomes of the professional degree. The institution has vibrant placement cells that ensure successful employability after completing the course.
- 7. Advanced Studies:** Analyzing the transition from undergraduate to higher education in Indian educational institutes such as NIPER and other universities in India and abroad.
