

AL SHIFA COLLEGE OF PHARMACY

FEEDBACK ANALYSIS REPORT

2021-2022

The Internal Quality Assurance Cell (IQAC) of the institution has developed and collects feedbacks from various stake holders to monitor and evaluate the performance of our institution quality on the curriculum and curriculum related issues. The stakeholders include student, teacher, alumni and employer. Accordingly, the institution collects feedback from stakeholders at the end of each academic year. the feedback is analyzed and the institution initiates appropriate actions if needed. The consolidated feedback for this academic year is as follows:

The feedback targets following contents for various stakeholders:

- **For students**, it addressed curriculum and its learning related issues in terms of quality, competence, skills and professionalism.
- **For teachers**, the feedback addressed issues like suitability the course and its need base, outcomes of the curriculum, relationship with course content and corresponding reference material, availability of reference materials in terms with curriculum, evaluation methods and curriculum delivery, etc.
- **For employers**, it addressed issues like general communication skills, developing solutions to real life problems, working in a team, creative challenges to challenges, organization skills, learning of new techniques, integration of technology for work as learnt through the curriculum.
- **For alumni**, it aimed for responses on adequateness of courses curriculum, sufficiency of syllabus content in context of current professional standards and curriculum design in context of development of self-directed learning and problem-solving approach.

The feedback collected is analyzed and sent it to the respective authorities for the actions.

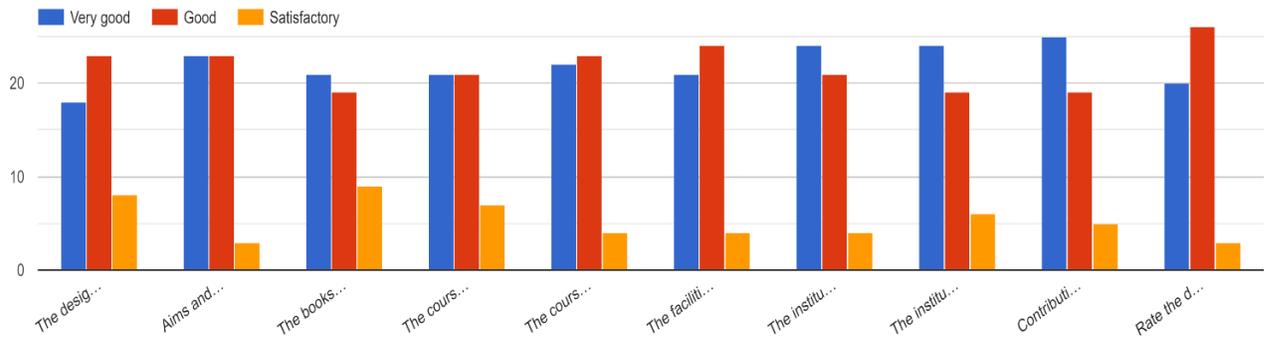

TEACHER'S FEEDBACK ANALYSIS ON CURRICULUM

Academic year: 2021-2022

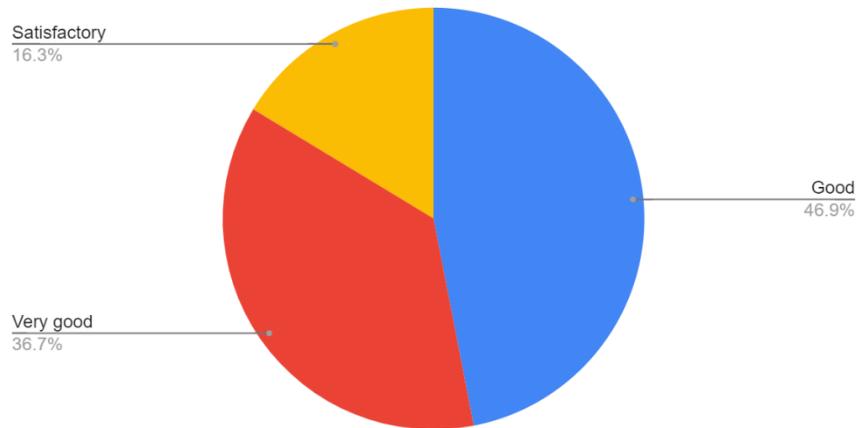

No. of faculties responded: 49

SL.NO.	ATTRIBUTES	VERY GOOD	GOOD	SATISFACTORY
1.	The design of curriculum is appropriate to cover all relevant topics for the assigned subject.	36.7	46.9	16.3
2.	Aims and objectives of the curriculum are well defined and clear to teachers and students	46.9	46.9	6.1
3.	The books prescribed /listed as reference materials are relevant, updated and appropriate.	42.9	38.8	18.4
4.	The course/syllabus has good balance between theory and laboratories	42.9	42.9	14.3
5.	The course/syllabus of this subject increased my knowledge and perspective in the subject area	44.9	46.9	8.2

Grievances/ Suggestion on curriculum Development	Action Taken by competent Authority
Increasing no of special casual leaves for faculties may improve the level of performance in research .it may provide external research opportunities to faculties	Presently 10 SPCL is given. Steps will be taken to increase to 12.
Lab and library facilities can be improved.	Will definitely be considered when exactly what improvement is expected.
Can improve the ICT facilities in all classrooms. should include projectors, loudspeaker, sound system etc.	Plans are there to increase the Ict facilities to more rooms.
Syllabus needs specification for the topics to be covered	During next KVS inspection, grievance regarding syllabus will be intimated.
Syllabus needs to be modified.	
Syllabus lack something somewhere. Discussion on Syllabus is required. QA to be followed by By Instrumental analysis	Details of condnciveness requested.
Class conduciveness for staff and students must be improved.	
ICT facilities in the classrooms must be improved	Plans are afoot.

Grievances/ Suggestion on curriculum Development	Action Taken by competent Authority
Year back system has to be demolished	
Give enough break in between exams	
At least share PPT notes	
could have encouraged the students in terms of extra-curricular activities apart from studying.could have approached students equally without partiality.could have decreased the burden of studying.could have encouraged the students to gain confidence.	
B.Pharm is best course to achieve your Goal in your life	
Theoretical aspects are fine when it comes to practical application skilled and experienced professionals are required	
The syllabus is too vast for a 1st year PharmD student	
Clinical aspects should be more	
Internship year is really helping us in improving our clinical knowledge.	
The old syllabus is still following	
The syllabus is very bulky and extracurricular activities are very less	
Course laggig should avoid	

Give value to the dpharm course, because the contents of the syllabus is very vast.and not allow to work other workers who doesn't have any certificate and less than the 2 year diploma study.	
The overall curriculum needs to improve to adapt in real world.	
Overall, it Helpful to create a good pharmacist	
We want more opportunity and more values	
Cannot say it's satisfactory though, acceptable for around 70 percent.	
Very good course and college	
The subjects are little bit tough	
The syllabus is quite a normal task. But semester period is much short. So it is either to cut short the syllabus or semester period should be extended	
Syllabus schedule is not so satisfactory.	
Implementation of the actual procedures in hospital is a arduous task. Antimicrobial stewardship is necessary in our hospital and actual implementation is vital.	
Nice course. Already it's a burden due to hectic syllabus, covid & semester system. If	

year back is removed can be able to write exams with less stress & pressure.	
Overall, this is pretty good course. Many unknown information about our day-to-day life, health etc can be learn from our dear teachers through this. So that we can share it to our parents, relatives which are very useful to them.	
Exposure is not up to the mark	
Everything have been good and we convey our problems on time and the management do consider and resolve it. Hope we reach greater heights.	

We will inform KUTS in a forum about this feedback -
