

In House Programme - Event Record Sheet - 2024- 2025

Dated: 16/11/24

1. Name of the Event: Webinar - Role of patient in Pharma Research
2. Name of the Dept./Unit organizing the Event: Pharmacovigilance
3. Date/s of the event: 16/11/24
4. College level/State/Regional/National/International: college level
5. Nature of the event: online webinar  
(Seminar/Invited lecture/workshop/interaction etc)
6. Venue: Zoom Meeting
7. Sponsors/Endorsers, if any: -
8. Fund received from sponsor, if any: -
9. Chief Guest/s: -
10. Speaker/s: Dr. Chandra Mohan
11. Coordinator/s: Aswathy C
12. Honorarium/TA paid: Y
13. Audience Details and Number of Participants: 69, 10000 M Pharma, 10000 M Pharma, 10000 M Pharma
14. Documents mailed to IQAC/Please put  mark in the concerned column

- a) Greater / Brochure / Flyer  : b) List of Participants  : c) Programme Report
- d) Get tagged Photographs  : e) Feedback Form  : f) Action taken report
- g) Video/Audio Recordings

# REPORT: ONLINE WEBINAR ON "ROLE OF PATENTS IN PHARMA RESEARCH"

**Date:** 9/7/2024

**Time:** 10:00 AM - 11PM

The Department of Pharmaceutics hosted an insightful webinar on the "Role of Patents in Pharma Research" on July 9, 2024, at 10:00 am. Students from Third-year Pharm D, First Semester M Pharm, and Second Semester M Pharm programs actively participated in the webinar. The event commenced with a warm welcome speech by Dr. Preetha S Paricker, the Head of the Department of Pharmaceutics. This was followed by an insightful inaugural address by Dr. Arun Rasheed, the Vice Principal of Academics, who highlighted the significance of intellectual property in advancing pharmaceutical innovations. The event also featured a felicitation address by Prof. Junise V, the Vice Principal of Student Affairs, emphasizing the critical role of patents in fostering a research-driven academic environment.

The core of the webinar was a comprehensive session dedicated to the topic "Role of Patents in Pharma Research," where experts discussed the intricate processes involved in patenting pharmaceutical inventions and the impact of these patents on the industry's growth and development. This session provided valuable insights into how patents protect the interests of researchers and companies, encouraging continuous innovation and ensuring the availability of cutting-edge medications.

The webinar concluded with a vote of thanks delivered by Mrs. Aswathy C, Associate Professor in the Department of Pharmaceutics, who expressed gratitude to all the speakers, participants, and organizers for making the event a resounding success. This webinar not only underscored the importance of patents in the pharmaceutical field but also fostered a deeper understanding of their role in promoting research and development.
